# Introduction

CodM software is a product improvement organization based in UK. The organization began its activities in 2021 and has since been providing consultation, support, and development services to its clients. CodM significantly focuses on the CRM space and has been expanding its operations in Salesforce gradually by launching a highly skilled and certified team to perform at their best.

The CodM team operates in a disciplined environment, staying motivated throughout their interactions with clients. The organization is currently working with offshore clients and delivering top-notch Salesforce services. CodM has also collaborated with other global organizations to expand its business in the Salesforce ecosystem, adhering to best practices in service delivery.
